

COLORADO RETAIL SALES TAX RETURN

GENERAL INSTRUCTIONS The state sales tax rate is 2.9%

Rounding Instructions: All entries of state and local taxes on this sales tax return must be rounded to the nearest dollar. You will still collect and keep track of exact amounts of sales tax. Books, records and statements or invoices to buyers must reflect actual tax amounts. It is only when you fill out this return that you round the numbers you are reporting. Your sales tax remittance must not differ from the exact amount of tax collected by more than 50 cents. Round amounts under 50 cents down to 0 (zero) cents. Increase amounts from 50 to 99 cents to the next dollar.

A return must be filed even if there is no tax due. If there is no tax due in an applicable column, you **MUST ENTER THE NUMBER 0** in that column. Failure to enter zeros will result in the issuance of an automatic estimated tax due notice.

Changes or Closures: If you move, change your mailing address, change your business or trade name, or are no longer in business, you must inform the Department of Revenue of such changes by completing the change or closure form DR 1102 "Business Tax Account Change or Closure Form." If the business ownership changes, the new owner cannot use the previous owner's reporting forms. The new owner must apply for his/her own Colorado Account Number

and personalized forms.

Records: Copies of your completed sales tax return and records of both purchases and sales, including sales invoices and purchase orders, must be retained for a period of three years. The burden of proof for exempt sales rests with the seller. Records must be open for inspection by authorized representatives of the Executive Director, Department of Revenue.

All sums of money paid by the purchaser to the seller as taxes shall be and remain public money, as property of the taxing jurisdiction. The seller should always maintain sufficient records of payment.
